PRESCHOOL@HOME

# DEVELOPMENTAL GOAL

- Lesson Objective: Fine Motor Skills
- What are we trying to accomplish?
  - When making sensory bottles children improve their fine motor development by grasping small objects and placing them into bottles.

# MATERIALS

## PRESCHOOL@HOME

Here is what you need:

- 4 empty clear water bottles (washed)
- Water
- Food coloring
- Seasonal bits from nature
  - Spring: plastic flowers, leaves, grass aqua food coloring
  - Summer: sand, mini shells, big yellow pom pom 9(sun)
  - Fall: small branches, acorns, leave confetti
  - Winter: cotton balls, gems, sequins, glitter

PRESCHOOL@HOME

# METHOD

- Here is what to do:
  - When everything is collected simply fill the bottles in with water, food coloring, and seasonal items.
  - When done screw the lids tightly and glue them in place
  - Label bottles by season and have fun!

# MOTIVATIONS AND INTERACTIONS

- Here are some tips to keep in mind when motivating and interacting with your child in this exercise.
  - Try to let your child do most of the pouring, putting the objects inside the bottles
  - Talk to them as they are creating their bottles
    - Example: flowers grow during springtime...
    - We go to the beach during the summer
    - Leaves and acorns fall on the ground during the fall
    - Snow falls during the winter
